

EXHIBIT 6
DATE 01/22/06
HB 203

Linda Gryczan 800 8th Ave Helena, MT 59601 406 431-3635

1/20/2007

Dear Chairman Himmelberger and members of JHouse Administration Committee.

I have become aware that I offered some misinformation during my testimony on HB 202 by Rep Mike Jopek. This bill would establish constituency accounts, require all contributions to be reported, prohibit lobbyists from becoming department heads for two years, and allow the Commissioner of Political Practices to set up a web site for lobbying reports.

In my testimony I said that the League of Women Voters liked the requirement for electronic reporting, but were concerned that it did not "include reports to the Secretary of State, and therefor does not include legislators filing the D-1 financial disclosure reports." I recently learned that the Commissioner of Political Practices does handle the D-1 forms.

While this is something that you know already, and this mistake is probably not big enough to change anyone's vote on the bill, I did want to send this correction to the Committee.

I apologize for the error.

Linda Gryczan
